Rooming and General Information

Due to the limited number of rooms available we encourage participants to stay as many to a room as possible. Remember you are only in the rooms for a short time. People staying the entire seminar will be given priority on rooming.

If you pay for a quad for all nights but only list 1 or 2 roommates for any of those nights, someone may be assigned to your room. If no one is available to be placed in your room, you will be charged for the double or triple rate (whichever pertains to your situation.) Unfortunately we may not be able to determine this until the start of the seminar. Please bring your checkbook.

All rooms at the Educational Center have at least one set of bunk beds. Some rooms are furnished with a set of bunk beds and a full sized bed while the rest have two sets of bunk beds. If you and/or some of your roommates cannot safely use the top bunks please consider requesting a double room. Sheets and towels are provided. Please bring your own personal toiletries.

If a handicapped room or first floor room is requested, a physician's statement must accompany the request when you register. **NO ROOM ASSIGNMENTS WILL BE CHANGED AT THE TIME OF THE BASKET SEMINAR.** There is an elevator on the porch to assist participants in reaching the lower levels of the Educational Center.

There are no TVs or phones in the rooms. If you should need to be contacted for an emergency, the number for the Leadership Center is (270) 866-4215. **Remember the Educational Center is on Eastern Daylight Time.**

Campers – There is only one charge per night for campers or mobile homes regardless of how many people are staying in it. The hook up for the RVs is **electricity only, no water hook ups.** You have a choice of 30 amps or 50 amps. (Only two 50 amp hook-ups are available and will be assigned on a first come basis.)

Prices for meals and rooming are set by the Educational Center and the University of Kentucky.

Costs of classes are set by each individual teacher. The Bluegrass Area Basketmakers Seminar Committee is a not for profit organization.

Check List

Bring tools such as pencil, measuring tape, sharp scissors, container for water (large enough to hold your reed), spring type clothes pins, sharp knife, awl or screwdriver, extra hand towel, spray bottle, and pliers. Anne Bowers – Anne is from the eastern panhandle of West

Virginia where she works in her studio designing and teaching baskets. She was a production basket maker for many years and she brings those skills into each basket that she teaches. She not only teaches basketry from her home studio in Tallmadge, OH but at national conventions and guilds throughout the country. She has had three of her designs featured in Create and Decorate Magazine and is also the author of “Business in a Basket” to help others who love basket weaving turn their passion into a successful teaching business.

Karen Kotecki – Baskets have been Karen’s passion for 15 years. She says, “I may teach baskets, but it’s what baskets have taught me that I value most. Baskets have taken me on journeys of culture and history, into the woods and swamps and fields, into museums and galleries, and onto the high seas. And baskets have taken me to Jabez, where I can connect with old friends, meet new ones, pass along my skills, and be informed and challenged by the work of others. In the company of a basket weaver, you are always with a friend.”

Annetta Kraayeveld – Annetta considers herself a weaver, a teacher and a life-long student of basketry. She began weaving in 1994, when she literally begged for a weaving lesson from a local basket weaver. Since that time she has been largely self taught, learning from both her mistakes and successes. Weaving because she can’t stop, Annetta continues to find that the challenge of mastering new techniques and weaving the pictures in her mind keeps basketry an exciting art form. Annetta’s work has received a number of awards at several basket conventions. She has published stacks of patterns and has been teaching at basketry events and guilds across the US since 2000. She loves the people she has met and the places she has visited through basketry.

Karen Maugans – Karen took up weaving in 1999 quickly falling in love with the art. So much so, upon retirement she immediately went to work in a basket shop and then began teaching. She and her husband, Kim, are owners of K-n-K Creations. Other interests are reading, gardening, church functions, and enjoying the pleasures of each new day. She and Kim live in a small community called New Hope in the Shenandoah Valley of Virginia. They have a small place in the woods and share a mixture of pets; goats, chickens, and an ample supply of cats.

Kim Maugans – After owning and operating a business for over 20 years Karen had a reluctant student on her hands. However, Kim quickly gained a great appreciation for the art of basketry. Kim has been weaving for about eight years and especially enjoys rib basketry. Being the other “K” in K-n-K Creations keeps Kim busy in the shop making a variety of bases including drilled, grooved and he is starting to do fret work. Other interests include continuing to remodel their home, being outdoors, reading and enjoying the company of friends. He and Karen live in a small community called New Hope in the Shenandoah Valley of Virginia. They have a small place in the woods and share a mixture of pets; goats, chickens, and an ample supply of cats.

Barbara McCormick – Barbara was born and raised in Mount

Pleasant, SC where she learned the trade of sweetgrass basket weaving from her grandmother, mother, aunts and other family members at a very early age. She has since carried on this tradition and has shared her talent with others including her family. Barbara teaches several classes along the east coast and has her work displayed in several publications. Sweetgrass basket weaving is an art form that came from West Africa over 300 years ago during the time of slavery.

Debbie Mroczenski – Bio for Debbie unavailable

Becki Newsome – Becki began weaving baskets with several friends in 1992. She did not join Coastal Weavers until 2001 but was doing some individual teaching before that time. After joining the guild she began learning many techniques from seasoned weavers and has applied these techniques and hints into her own style of weaving. Becki has taught basketry in her own community since 1998 and at various weave-ins and conventions throughout the South. She is always trying to learn new styles and ways of weaving which she gladly passes on to her students, giving credit to the instructor who taught her. Becki enjoys mingling with other weavers, both as a teacher and as a student. She fully believes that you should never stop learning new idea and techniques.

Billy Owens – Billy is a second generation white oak basket maker. His father, Dale Owens, was founder of Owens Oak Baskets almost 30 years ago in southern Missouri. Billy now has a third and fourth generations to help him weave and carry on the tradition and business. All materials used by Billy are from white oak timber grown in the Ozarks. He selects, cuts and “hand splits” the wood with a homemade tool called a “split knife” which was designed by his father. Billy has taught classes all over the country and enjoys sharing everything white oak with his students. His goal, first and foremost, is the students in class having an enjoyable time as well as leaving with a finished white oak basket that they will enjoy and last a lifetime.

Joni Dee Ross – Joni’s philosophy is “eat, sleep, weave.” She made her first basket in 1989 and discovered the perfect expression of her exuberant optimism and joy in life. She founded Handmade North Carolina Baskets in 1991 and also co-owns The Woodland Nantucket Retreat Company. Joni has written and published over 75 basket patterns. In addition to teaching weekly basketry classes in her studio, she regularly teaches at conventions, private guilds and art center all over the United States. Laura Lee Zanger – Laura Lee has been designing baskets and writing patterns since October 2000. She has been teaching on the basketry convention circuit since 2002 and enjoys expressing her creativity in Cherokee, Choctaw and Chitimacha twill designs. She travels the country teaching Southeastern Native American twill techniques and shares her excitement and enthusiasm for weaving with everyone she encounters while maintaining the fascination of a child with every new idea, lesson and experience. Laura Lee is a published author and her goal is to enlighten everyone on the thrill of twill weaving in the Native American tradition of the single and double woven baskets.
